Emily A. Mounce, Public Information Officer (540) 636-4600

VALLEY HEALTH ESTABLISHES LOCAL COMMUNITY CALL LINE

From the Warren County Office of Emergency Management:

Valley Health established a community call line for patients with respiratory symptoms and possible COVID-19 symptoms; anyone can call this line. However, the intended purpose is to provide our citizens who do not have a Primary Care Physician a non-emergency number to call for respiratory/COVID-19 related assistance. The number is (540) 536-0380; operational hours are 8:00 AM to 8:00 PM, Monday through Saturday.

If you have a Primary Care Physician, please contact them first if you are sick or think you may have respiratory or COVID-19 related symptoms. As always, if you are experiencing a true medical emergency, call 911 or report to the closest hospital's emergency room for emergent treatment.

This is a rapidly changing situation, and the most current information is available on the following websites: www.cdc.gov/coronavirus or www.vdh.virginia.gov/coronavirus/. Please consult www.vdh.virginia.gov/coronavirus for the latest number of COVID-19 cases in Virginia. Additionally, you can find local information on the Warren County COVID-19 website: <https://www.warrencountyva.net/coronavirus-latest-information>, the County of Warren, VA Facebook page, and the Town of Front Royal COVID-19 website: <https://www.frontroyalva.com/645/Covid-19-Local-Response>.
